

CALL FOR PAPERS

ICCCS 2022
Dec 13-14, 2022
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCCS 2022 : International Conference on Cybernetics and Communication Systems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Cybernetics and Communication Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Cybernetics and communication theory
Communication as a cybernetic process
Communication and cybernetics
Cybernetic theory for understanding communication systems
Cybernetics and information theory

Communication systems, cybernetics and innovations
Communication technologies
Future of communication systems
Animal and machine communication
