

CALL FOR PAPERS

ICCNC 2022
Dec 13-14, 2022
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCNC 2022 : International Conference on Computer Networks and Communications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Computer Networks and Communications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Broadband Access
Communication and Information
Theory
Energy Efficient Networking
Internet Services and Applications
Multimedia, QoS, and traffic
Modeling
Network Algorithms and Performance
Evaluation

Network Architecture and P2P
protocols
Optical Networks for Grid and Cloud
Computing
Security, Privacy, and
Cyber-Physical Computing
Sensor Networks, Embedded Systems,
and Pervasive Computing
Wireless Ad Hoc Networks
Wireless Communication
