

# CALL FOR PAPERS

**ICDSS 2022**  
**Dec 13-14, 2022**  
**Rome, Italy**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDSS 2022 : International Conference on Design of Special Structures is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Design of Special Structures. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

The structural design of tall and special buildings  
Conceptual design and analysis of long span structures  
Wind load analysis  
Design RC water tanks  
Design retaining wall  
Design of silos  
Tensile membrane structures

Cable-net and tensegrity structures  
Lightweight structures  
Sculptures and artwork  
Movable structures  
Temporary structures  
Pedestrian bridges
