

CALL FOR PAPERS

ICNEST 2022
Dec 13-14, 2022
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNEST 2022 : International Conference on Nuclear Energy Science and Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Nuclear Energy Science and Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Nuclear Energy Systems and Technologies
Advanced Fission Systems and Fuel Cycles
Fusion Energy Systems
Radiation Protection & Shielding
Nuclear physics unusual applications
New nuclear medicine applications
Nuclear and Solar Space Power and Propulsion
Nuclear Hydrogen Production & the Hydrogen economy
Sustainability issues: society, energy, environment
Energy policy: the nuclear and renewable mix

R&D organization and cooperation.
New tools for new challenges
Hydrogen, Solar and other alternative energies
Nuclear waste disposal
Nuclear energy power plants
Nuclear and Plasma Sciences
Fusion Nuclear Technology
Sustainable Energy Technologies
Nuclear Power and Energy Systems
Nuclear, Plasma and Radiological Engineering
