

CALL FOR PAPERS

ICTECA 2022
Dec 13-14, 2022
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICTECA 2022 : International Conference on Transition Elements Chemistry and Applications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Transition Elements Chemistry and Applications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Variable oxidation state
Coordination numbers
Ligands

Variable oxidation state
Early and late transition metals
