

CALL FOR PAPERS

ICCSUG 2022
Dec 27-28, 2022
Vienna, Austria

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCSUG 2022 : International Conference on Complex City Systems and Urban Growth is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Complex City Systems and Urban Growth. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Complex city systems
Complexity and emergence in city systems
The city and self-organization
Complexity and planning
Urban technical systems
Environmental and ecological burdens of urban systems
Urban systems design and planning
Environmental technology

Urban growth
Human ecology
Sustainable cities
Urban infrastructure
Urban water management
Urban transit systems
The social diffusion of large technical systems
