

# CALL FOR PAPERS

**ICVDSAT 2022**  
**Dec 09-10, 2022**  
**London, United Kingdom**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICVDSAT 2022 : International Conference on Veterinary Dermatology and Skin Allergy Testing is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Veterinary Dermatology and Skin Allergy Testing. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Veterinary dermatology  
Intradermal allergy testing  
Immunotherapy  
Chronic otitis  
Video-otoscopy  
Dermatohistopathology service  
Cutaneous immune-mediated diseases
