

# CALL FOR PAPERS

**ICRCTP 2022**  
**Dec 09-10, 2022**  
**New York, USA**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICRCTP 2022 : International Conference on Robotic Cars and Testing Process is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Robotic Cars and Testing Process. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Robotic cars  
Mobile robotic car design  
Levels of driving automation  
Autonomous driving functions  
Testing process  
Autonomous trucks

Safety of robotic car  
Safety assessment and verification techniques  
Autonomous cruise control system  
Road profile recognition for autonomous car navigation  
Policy implications
