

CALL FOR PAPERS

ICAPSC 2022
Dec 13-14, 2022
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAPSC 2022 : International Conference on Applications of Polymers for Synthetic Chemistry is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Applications of Polymers for Synthetic Chemistry. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Polymer-modified catalysts
Polymers and soft materials
Supramolecular polymers
Polymer synthesis

Poly-3-hydroxybutyrate (PHB)
Polymer characterization
Polymer nanotechnology
Polymers for emerging technologies
