

CALL FOR PAPERS

ICAVET 2022
Dec 13-14, 2022
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAVET 2022 : International Conference on Advances in Vehicle Engineering and Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Vehicle Engineering and Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Advances in vehicle engineering
Terramechanics
Vibration control
Energy harvesting
Structural dynamics
Bio-dynamics
Ride analysis
Suspension dynamics

Robust controller for road/off-road vehicles
Smart materials in vehicle dynamics
Intelligent and autonomous vehicle driving/control
Alternative fuels
Automotive emissions
Diesel engines
Combustion modelling including Internal combustion engines
