

# CALL FOR PAPERS

**ICCNC 2022**  
**Dec 13-14, 2022**  
**Rome, Italy**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCNC 2022 : International Conference on Computer Networks and Communications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Computer Networks and Communications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Broadband Access  
Communication and Information  
Theory  
Energy Efficient Networking  
Internet Services and Applications  
Multimedia, QoS, and traffic  
Modeling  
Network Algorithms and Performance  
Evaluation

Network Architecture and P2P  
protocols  
Optical Networks for Grid and Cloud  
Computing  
Security, Privacy, and  
Cyber-Physical Computing  
Sensor Networks, Embedded Systems,  
and Pervasive Computing  
Wireless Ad Hoc Networks  
Wireless Communication
