

CALL FOR PAPERS

ICDDUDBD 2022
Dec 13-14, 2022
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDDUDBD 2022 : International Conference on Data-Driven Urban Design and Big Data is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Data-Driven Urban Design and Big Data. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Data-driven urban design and
planning
Urban informatics and big data
Data-driven methods for city
research and exploration
Urban big data and the development
of city intelligence
Applications of big data to smart
cities

Data-driven decision making
Data-driven simulation and
analysis
Urban data infrastructures
Data-driven cities
Digital urbanism
