

# CALL FOR PAPERS

**ICEET 2022**  
**Dec 13-14, 2022**  
**Rome, Italy**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEET 2022 : International Conference on Electrical Engineering and Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Electrical Engineering and Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Fundamentals, materials and education  
Electrical materials and process  
Semiconductor technology  
High voltage engineering and insulation technology  
Electronic materials  
Education and training for electrical engineers  
Power systems and energy  
Power system planning and scheduling  
Power system protection, operation and control  
Transmission and distribution systems and apparatus  
Power system stability  
Power generation and sustainable environment

Power market and power system economics  
Power system modeling, simulation and analysis  
HVDC and facts  
Electromagnetic transients programs (EMTP)  
Wind, solar and renewable energy  
Electronics, information and control systems  
Communication systems  
Intelligent systems and approach  
Information technology application  
Control theory and application  
Knowledge management
