

CALL FOR PAPERS

ICSTBIGC 2022
Dec 13-14, 2022
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSTBIGC 2022 : International Conference on Sport Team-Building Interventions and Group Cohesion is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Sport Team-Building Interventions and Group Cohesion. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Group processes in sport and exercise
Team development and group dynamics in sport psychology
Group interaction in sport teams
Group norms
Collective efficacy
Group cohesion
Cohesion-performance relationships

Cohesion-outcome relationships
Team-building interventions and group cohesion
Role efficacy and team performance
Social influence
Role of cognition in social facilitation effects
Social loafing
Home advantage
