

CALL FOR PAPERS

ICVSMV 2022
Dec 13-14, 2022
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICVSMV 2022 : International Conference on Vaccine Safety and Multiple Vaccinations is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Vaccine Safety and Multiple Vaccinations. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Vaccines and Therapeutics
Vaccine Business
Novel Vaccines Against Infectious Diseases
Adult Immunization Challenges
Veterinary Vaccines
Therapeutic Vaccines for Chronic Infections
Cancer Vaccines
Immuno-Informatics in Vaccine Designs
Immunology
Childhood Immunization Challenges

Vaccines for Pregnant Women
