

# CALL FOR PAPERS

**ICCEEP 2023**  
**Jan 21-22, 2023**  
**Amsterdam, The Netherlands**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCEEP 2023 : International Conference on Corrective Exercise and Exercise Progression is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Corrective Exercise and Exercise Progression. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Corrective exercise  
Postural assessment  
Complex movement  
Variables of movement  
Manual muscle testing  
Program design  
Phases of exercise progression

Acute exercise variables  
Corrective exercise strategies  
Improving mobility and stability  
Inhibitory techniques  
Lengthening techniques  
Activation techniques  
Integration techniques
