

CALL FOR PAPERS

ICEIE 2023
Feb 15-16, 2023
Istanbul, Turkey

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEIE 2023 : International Conference on Effective and Innovative Education is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Effective and Innovative Education. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Assessing student learning	Educational policies and practices
Employing pedagogy	Humanities and social studies education
Teaching for individual differences	IT in education
Implementing effective strategies	Language and literacy education
Designing effective instruction	Learning sciences
Integrating technology effectively	Mathematics education
Case based and problem based instruction	School change and leadership
Funding and publishing the scholarship of teaching and learning	Science education
Creating domain specific pedagogy	Special needs education
Civics and moral education	Student performance and assessment
Cognition and learning	Teacher quality and teacher development
Curriculum development	Visual and performing arts
