

CALL FOR PAPERS

ICESPS 2023
Feb 18-19, 2023
Jeddah, Saudi Arabia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICESPS 2023 : International Conference on Economic Stagnation and Political Stability is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Economic Stagnation and Political Stability. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Economic stagnation
Causes and global implications of economic stagnation
Stagflation
Productivity slowdown

Stagnation and the financial explosion
Political stability and economic stagnation
Deindustrialization and economic stagnation
Secular stagnation theory
