

CALL FOR PAPERS

ICAHSF 2023
Mar 22-23, 2023
Prague, Czechia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAHSF 2023 : International Conference on Agricultural Health and Safety for Farmers is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Agricultural Health and Safety for Farmers. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Agricultural safety and health
Food safety and agricultural health standards
Occupational safety and health standards for agriculture
Agricultural safety and injury prevention
Personal protective equipment and health
Animal safety
Farm emergencies

Animal emergencies in agricultural environments
Emergency first aid care for farmers
Emergency rescue in agricultural environments
Farm family emergency response
Adult and youth injuries in agriculture industry
New technologies for safety and health in agriculture
