

# CALL FOR PAPERS

**ICAPMEHS 2023**  
**Mar 22-23, 2023**  
**Prague, Czechia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAPMEHS 2023 : International Conference on Application and Principles of Medical Ethics and Health Sciences is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Application and Principles of Medical Ethics and Health Sciences. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Genetic profiling and engineering  
Stem cell and embryo research  
Drug and medical research  
Patient and volunteer rights and consent  
Euthanasia and assisted suicide  
Application of existing law and development of new legal codes  
Conflict of law and ethics and changing scientific and social landscapes

Healthcare professional liability and insurance  
Legal profession conduct and practice  
Ethics committees and healthcare professional bodies  
Financial and economic issues  
Animal rights  
Confidentiality and electronic patient records  
Impact of business and financial interests
