

CALL FOR PAPERS

ICATHA 2023
Mar 22-23, 2023
Prague, Czechia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICATHA 2023 : International Conference on Aquatic Toxicology and Hazard Assessment is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Aquatic Toxicology and Hazard Assessment. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Aquatic toxicology
Aquatic toxicology and hazard
assessment
Aquatic environmental health and
toxicology
The monitoring and assessment of
aquatic toxicology
Aquatic science and technology
Aquatic toxicology and risk
assessment

Aquatic ecology
Aquatic chemistry and toxicology
Aquatic toxicity testing
Hazardous aquatic contaminants
Aquatic organism growth inhibitor
Water quality management
