

CALL FOR PAPERS

ICTA 2023
Apr 22-23, 2023
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICTA 2023 : International Conference on Textiles and Apparel is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Textiles and Apparel. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Advancement in Textiles Processing
Apparel and Merchandising
Benchmarking, Traceability,
Textiles testing
Biopolymers and Biotechnology
Color Science and Dyeing
Comfort and Wellbeing
Composite Fabrics
Energetics, Energy Efficiency,
Architecture
Fashion and Textile Design and
Technologies
Fiber and Materials
Fiber Physics and Textiles
Mechanics
Finishing Processes
Lifelong Learning

Modelling and Simulation
Nanomaterials and Electrospinning
Nanotechnology,
Nanotextiles, Nanoart
New Functional and Smart Textiles
Nonwoven Textiles
Specific Sciences
Surface Treatments of Fibers and
Fabrics
Sustainability, Environment and
Clean Technologies
Technical, Protective and Leisure
Textiles
Textile Sustainability
Textiles Design, Fashion and Style
Textiles Education
Textiles for Medical Applications
