

CALL FOR PAPERS

ICAMP 2023
Apr 22-23, 2023
Tokyo, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAMP 2023 : International Conference on Animal Medicine and Production is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Animal Medicine and Production. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Animal medicine	Biologics and vaccines
Animal medicine and health	Pesticides, flea and tick products
Animal illness and treatment with drugs	Pharmaceuticals
Drug development for animal medicine	Pain medications
Animal medicine, current and common problems	Anesthetics
Advances in animal medicine	Heartworm preventatives
Drug development strategies and methods	Antibiotics
Animal drug applications	Chemotherapy drugs
Animal drug applications and polypharmacy	Anesthetic techniques
Methods of treating and preventing disease	Drug administration methods
