

CALL FOR PAPERS

ICDT 2023
Jun 21-22, 2023
Vienna, Austria

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDT 2023 : International Conference on Dimension Theory is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Dimension Theory. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Dimension theory
Fractals and dimension theory
Fractal dimensions and measures
Analysis of dimensions

Dimensional invariants of
topological spaces
Inductive dimension
Lebesgue covering dimension
