

CALL FOR PAPERS

ICMSF 2023
Jun 21-22, 2023
Vienna, Austria

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMSF 2023 : International Conference on Molecular Systematics of Fishes is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Molecular Systematics of Fishes. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Molecular systematics of fishes
Phylogeny and evolutionary biology
of fishes
Phylogenies of fishes at multiple
taxonomic levels

Molecule-based phylogenies and
evolution
Analysis of molecular data
