

# CALL FOR PAPERS

**ICTWSFRB 2023**  
**Jun 21-22, 2023**  
**Vienna, Austria**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICTWSFRB 2023 : International Conference on Treatment Wetlands and Sustainable Flood Retention Basin is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Treatment Wetlands and Sustainable Flood Retention Basin. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Decision support system  
Ecological engineering  
Integrated constructed wetland  
Pond  
Stormwater management

Sustainable flood retention basin  
Treatment wetland  
Wastewater treatment  
Water quality control  
Water resources management
