

# CALL FOR PAPERS

**ICUAPCH 2023**  
**Jun 21-22, 2023**  
**Vienna, Austria**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICUAPCH 2023 : International Conference on Urban Air Pollution and Children's Health is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Urban Air Pollution and Children's Health. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Environmental Engineering  
Air pollution  
Pollutants  
Sources  
Health effects  
Agricultural effects  
Mortality  
Cardiovascular disease, Lung  
disease, Cancer  
Children  
Clean areas  
Central nervous system  
Historical disasters  
Air quality

Neuroplastic effects of pollution  
Particulates, biological molecules  
or other harmful materials  
Anthropogenic (man-made) sources  
Natural sources  
Emission factors  
Alternatives to avoid air  
pollution  
Reduction efforts  
Air pollution measurement vehicle  
Industrial air pollution  
Agricultural air pollution  
Hazardous air pollution  
Air pollution control  
Air pollution forecasting system
