

# CALL FOR PAPERS

**ICATUA 2023**  
**Jul 22-23, 2023**  
**Berlin, Germany**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICATUA 2023 : International Conference on Active Transportation in Urban Areas is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Active Transportation in Urban Areas. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Active transportation  
Active transportation in urban areas  
Active transportation planning  
Active transportation and physical activity

Active transportation and environment  
The health benefits of active transportation  
Safety in active transportation  
Active transportation policy issues
