

CALL FOR PAPERS

ICACMEE 2023
Jul 12-13, 2023
Ottawa, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICACMEE 2023 : International Conference on Advanced Computer, Mechanical and Electronic Engineering is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advanced Computer, Mechanical and Electronic Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Mechanical Engineering
Acoustics and Noise Control
Aerodynamics
Applied Mechanics
Automation, Mechatronics and Robotics
Automobiles
Automotive Engineering
Ballistics
Biomechanics
Biomedical Engineering
Body and Chassis development
CAD/CAM/CIM
CFD

Composite and Smart Materials
Compressible Flows
Computational Mechanics
Computational Techniques
Driver/Vehicle Interface,
Information and Assistance Systems
Dynamics and Vibration
Energy Engineering and Management
Computer Engineering
Algorithms
Artificial Intelligence
Automated Software Engineering
Bio-informatics
