

# CALL FOR PAPERS

**ICEMTT 2023**  
**Jul 22-23, 2023**  
**Rome, Italy**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEMTT 2023 : International Conference on Eliminative Materialism and Theory-Theory is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Eliminative Materialism and Theory-Theory. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Eliminativism and eliminative materialism

Contemporary eliminative materialism

Folk psychology and the theory-theory

Eliminative theory change

Arguments for eliminative materialism

General theoretical problems with folk psychology

Specific problems with folk psychology

Eliminative materialism and the phenomenal

Arguments against eliminative materialism

The self-refutation objection

Rejecting the theory-theory

Defending the virtues of folk psychology

Eliminativism eliminated?
