

CALL FOR PAPERS

ICADPPDI 2023
Jul 29-30, 2023
Zurich, Switzerland

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICADPPDI 2023 : International Conference on Advanced Design, Production Processes and Devices in Industry is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advanced Design, Production Processes and Devices in Industry. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Magnetic Storage System
Manufacturing Systems
MEMS
Micro, Nano Processing and Micro,
Nano Tribology
Non-conventional Processing
Printing Technology for
Manufacturing
Rapid Prototyping and Tooling
Rheology
Sustainable Tribology
Tribology in Manufacturing
Maintenance Tribology
Transmission

Advanced Design, Production
Processes and Devices
Design of Machines and its
Applications
Engineering Design Methodology and
Design Models
Design, Modeling, Analysis and
Failure of Machine Elements
Mechanical Systems
Mechanical Design and Production of
MEMS
Modeling and Simulation of
Manufacturing Processes
Advances in Rapid Manufacturing
Technologies for Metallic Parts
Solid Freeform Fabrication for
Biomedical and Tissue Engineering
Miniaturization of Molding and
Casting Processes
