

CALL FOR PAPERS

ICECM 2023
Aug 09-10, 2023
Lagos, Nigeria

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICECM 2023 : International Conference on Electrochemical Capacitors and Monitoring is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Electrochemical Capacitors and Monitoring. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Electrochemical Capacitors
Supercapacitors
Electric Double-Layer Capacitors
Pseudocapacitors
Hybrid Capacitors
Lithium-Ion Capacitors

Aluminum Electrolyte Capacitors
Electrode
Electrolyte
Aging
Diagnosis
Monitoring
