

CALL FOR PAPERS

ICAAA 2023
Aug 05-06, 2023
Montreal, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAAA 2023 : International Conference on Abstract Algebra and Applications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Abstract Algebra and Applications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Abstract algebra
Applications of abstract algebra
Computational problems in abstract algebra
Groups and semigroups

Rings and algebras
Fields, modules, vector spaces
Universal algebra, category theory
Abstract algebraic algorithms
