

# CALL FOR PAPERS

**ICWISDWIC 2023**  
**Sep 23-24, 2023**  
**London, United Kingdom**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICWISDWIC 2023 : International Conference on Web Information Systems Design, View Integration and Cooperation is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Web Information Systems Design, View Integration and Cooperation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Web information system  
Web information mining  
Web information mining algorithm  
Web information systems analysis  
and design  
Web information systems development  
and implementation  
The co-design approach  
Data-intensive web information  
systems  
Content-intensive applications

View integration and cooperation in  
databases, data warehouses and web  
information systems  
User preferences, obligations and  
rights  
Strategic modeling of web  
information systems  
Conceptual modelling of web  
information systems  
Privacy enhanced information  
systems  
Web information systems with  
navigational patterns  
Data quality in web information  
systems
