

CALL FOR PAPERS

ICSADE 2023
Dec 16-17, 2023
Bangkok, Thailand

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSADE 2023 : International Conference on System Analysis, Design and Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of System Analysis, Design and Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Systemology
Systems analysis
Operations research
Systems design
System dynamics
Systems engineering
Systems methodologies
Soft systems methodology
System development methodology
Viable systems approach
Systems theories
Systems science

Chaos theory
Conceptual systems
Complex systems
Complex system
Cybernetics
Control theory
Earth system science
Systems biology
System dynamics
Systems ecology
Systems psychology
