

# CALL FOR PAPERS

**ICBDIS 2024**  
**Jun 24-25, 2024**  
**Paris, France**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBDIS 2024 : International Conference on Bacterial Diseases and Immune System is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Bacterial Diseases and Immune System. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Bacteriology	Emerging infectious diseases
Medical Bacteriology	Bacterial pathogenesis
Bacterial morphology and metabolism	Oral vaccine platform for class a bacterial agents
Bacterial clinical studies	Bacterial defense phagocytosis, immune responses
Bacteria in blood for transfusion	Antimicrobial agents infectious diseases
Human aeromonas infections	Pneumococcal vaccine
Joint infection by anaerobic bacteria	Gastroenteritis and Pertussis
Papillon-Lefevre syndrome	Bacterial infectious diseases
Pyomyositis	Mycobacterial infections
Enterobacter sakazakii infections	Zoonotic bacterial diseases
Urinary tract infections	Tetanus
Bacterial vaginosis	Typhoid fever
Bacterial identification methods	Cholera
