

CALL FOR PAPERS

ICAFM 2024
Jun 21-22, 2024
Venice, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAFM 2024 : International Conference on Advances in Fluid Mechanics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Fluid Mechanics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Advances in Fluid Mechanics
Computational methods
Environmental measurements
Hydrodynamics
Fluid structure interaction
Multiphase flow
Applications in biology
Electronic components
Environmental fluid mechanics
Heat and mass transfer
Industrial applications

Flow instability and Turbulence
Aerodynamics and Gas Dynamics
Hydrodynamics
Industrial and Environmental Fluid
Mechanics
Biofluid Mechanics
Geophysical Fluid Mechanics
Plasma and Magneto-Hydrodynamics
Multiphase Flows, Non-Newtonian
Flows and Flows in Porous Media
Flow of Reacting Fluid
Microscale Flows and Others
