

CALL FOR PAPERS

ICAFM 2024
Jun 21-22, 2024
Venice, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAFM 2024 : International Conference on Advances in Fluid Mechanics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Fluid Mechanics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

- Advances in Fluid Mechanics
- Computational methods
- Environmental measurements
- Hydrodynamics
- Fluid structure interaction
- Multiphase flow
- Applications in biology
- Electronic components
- Environmental fluid mechanics
- Heat and mass transfer
- Industrial applications

- Flow instability and Turbulence
- Aerodynamics and Gas Dynamics
- Hydrodynamics
- Industrial and Environmental Fluid Mechanics
- Biofluid Mechanics
- Geophysical Fluid Mechanics
- Plasma and Magneto-Hydrodynamics
- Multiphase Flows, Non-Newtonian Flows and Flows in Porous Media
- Flow of Reacting Fluid
- Microscale Flows and Others
