

# CALL FOR PAPERS

**ICICWS 2017**  
**Oct 19-20, 2017**  
**Paris, France**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICICWS 2017 : International Conference on Internet Computing and Web Services is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Internet Computing and Web Services. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Internet architecture design  
Internet search methods  
Optimization methods  
Security and protection  
Fault Tolerance  
Software Agents  
Web Java-based applications  
Knowledge-based web systems

Multimedia web tools,  
architectures, and broadcasting  
Web data mining and database  
management  
Coding and compression
