

CALL FOR PAPERS

ICCDE 2017
Nov 02-03, 2017
Cape Town, South Africa

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCDE 2017 : International Conference on Computer Design and Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Computer Design and Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Algorithms	High Performance Computing
Digital System and Logic Design	Computational Intelligence
Artificial Intelligence	Human Computer Interaction
Distributed and Parallel Processing	Computer Animation
Automated Software Engineering	Image Processing
Distributed Systems	Computer Architecture & VLSI
Bioinformatics and Scientific Computing	Information Retrieval
E-commerce and E-governance	Information Systems
Biomedical Engineering	Computer Architecture and Embedded Systems
Event Driven Programming	Computer Based Education
Bio-informatics	Internet and Web Applications
Expert Systems	Computer Games
Compilers and Interpreters	Knowledge Data Engineering
