

CALL FOR PAPERS

ICSGGODS 2020
Jan 13-14, 2020
Bali, Indonesia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSGGODS 2020 : International Conference on Synthetic Greenhouse Gases and Ozone Depleting Substances is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Synthetic Greenhouse Gases and Ozone Depleting Substances. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Synthetic greenhouse gases
Ozone depleting substances and
synthetic greenhouse gases
Synthetic greenhouse gas
management
Climate change

Hydrofluorocarbons
Perfluorocarbons
Sulfur hexafluoride
