

CALL FOR PAPERS

ICCHEC 2020
Jan 30-31, 2020
Istanbul, Turkey

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCHEC 2020 : International Conference on Coastal Health and Environmental Change is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Coastal Health and Environmental Change. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Coastal health
Measurement and predictions
Environmental change predictions
Reef and marine ecosystems
Microscopic plankton
Diagnostic and therapeutic agents
Bio-mineralization and
nano-technologies
Aquaculture
Algology
Ocean acidification

Marine science
Microbiology and marine eco-systems
Measuring impact of organic
pollutants
Marine-derived drugs
Drug discovery and marine derived
compounds
Cosmetics
Nutritional Supplements
Artificial bones
Glues for mussels
Heat resistant enzymes
