

CALL FOR PAPERS

ICDTEFQ 2020
Jan 20-21, 2020
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDTEFQ 2020 : International Conference on Drying Technologies for Enhancing Food Quality is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Drying Technologies for Enhancing Food Quality. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Food quality evolution during
drying
Drying kinetics and quality of
vegetables, fruits, and mushrooms
Drying kinetics and quality of
herbs, spices, and forest products

Drying kinetics and quality of
meat
Safety of dried products
