

# CALL FOR PAPERS

**ICRRT 2020**  
**Jan 30-31, 2020**  
**New York, USA**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICRRT 2020 : International Conference on Rehabilitation Robotics and Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Rehabilitation Robotics and Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Rehabilitation robotics  
Rehabilitation and assistive  
robotics  
Wearable exoskeletons  
Socially interactive robotics  
Robotics for clinical neuroscience  
Neural processes of rehabilitation  
Computational neurorehabilitation  
Prosthetics and orthotics  
Evaluation methods and clinical  
experience  
Technology-based assessment and  
metrics

Brain machine interfaces in  
rehabilitation  
Assistive robotics  
Robotic wheelchairs  
Diagnostic robotics  
Therapeutic robotics  
Orthotics and prosthetics  
Brain machine interfaces  
Neuroprosthetics  
Neuroscience robotics  
Social robotics
