

CALL FOR PAPERS

ICTCL 2020
Jan 30-31, 2020
New York, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICTCL 2020 : International Conference on Trends in Clinical Linguistics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Trends in Clinical Linguistics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Clinical linguistics

Theory and applications in speech pathology and therapy
Linguistics and phonetics of disorders of speech and language
Contribution of data from communication disorders to theories of speech production and perception
Research on communication disorders in multilingual populations

Pragmatic aspects of speech and language disorders
Clinical dialectology and sociolinguistics
Childhood, adolescent and adult disorders of communication
Linguistics and phonetics of hearing impairment, sign language and lip-reading
