

CALL FOR PAPERS

ICEMP 2020
Jan 16-17, 2020
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEMP 2020 : International Conference on Economic Methodology and Philosophy is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Economic Methodology and Philosophy. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Economic methodology
Methodology of economics
Methodological analysis of the theory and practice of contemporary economics
Topics in the philosophical foundations of economics
The methodological writings and practice of early economic theorists

Original contributions and new interpretations of traditional debates in economic methodology
Traditional topics in the philosophy of science
Recent developments in the philosophy of science, science studies or other scientific disciplines that have significant bearing on economic knowledge
Studies that take a rhetorical, sociological, science studies or economic approach to methodological questions about economics
