

# CALL FOR PAPERS

**ICHRPP 2020**  
**Jan 09-10, 2020**  
**Singapore, SG**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICHRPP 2020 : International Conference on Habitat Reconstruction and Plant Production is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Habitat Reconstruction and Plant Production. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Sustainable agriculture  
Agricultural biotechnology  
regulations, rules and perceptions  
Agricultural mechanization and  
automation  
Agricultural processing  
Animal biotechnology  
Food and agricultural waste  
management  
Agricultural biotechnology and  
developing countries  
Beverage and fermentation  
technology  
Breeding and genetics  
Process control and integration  
Process modeling and simulation  
Safety and health in agriculture  
Soil and water engineering

Postharvest engineering and  
technology  
Crop breeding, genetics and  
genomics  
Plant production technologies  
Habitat reconstruction  
Ground water remediation  
Solid waste management  
Waste minimization  
Optimization of collection systems  
Recycling and reuse  
Waste valorization  
Advanced treatment of water and  
secondary effluents  
Management of water treatment  
residuals  
Water resources and river basin  
management
