

CALL FOR PAPERS

ICMFMP 2020
Jan 09-10, 2020
Singapore, SG

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMFMP 2020 : International Conference on Metallurgical Fundamentals and Materials Processing is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Metallurgical Fundamentals and Materials Processing. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Metallurgical Fundamentals and
Techniques
Mineral Processing
Mining and Safety
High Strength Alloys
Instrumentation and Control
Magnetic Materials
Materials Physics
Materials Processing and Handling
Metal Processing
Mining Fundamentals and Techniques

Nanotechnology, Mining,
Metallurgical and Material
Engineering
New Materials and Performances
Optical Material
Phase Diagram
Polymetric Materials
Semiconductors
Smart Materials
Solidification
Surface Phenomena
