

CALL FOR PAPERS

ICAFMA 2020
Jan 30-31, 2020
Sydney, Australia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAFMA 2020 : International Conference on Advances in Finite Mathematics and Applications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Finite Mathematics and Applications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Finite Mathematics and Applied
Calculus
Applied Finite Mathematics
Finite Applications of Mathematics
Set Theory
Coordinate Systems and Graphs
Linear Programming
Matrices and Linear Systems
Probability
Statistics
Applications of Conditional
Probability to Medical Diagnosis

Applications of Probability to
Genetics
Applications of Probability and
Expected Value to Life Insurance
and Mortality
Game Theory and Applications
Games with Mixed Strategies
Markov Chains and Applications
Mathematics of Finance
Exponents and Logarithms
Mathematics of Finance
Computers
