

CALL FOR PAPERS

ICDCPS 2020
Jan 30-31, 2020
Sydney, Australia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDCPS 2020 : International Conference on Developing Countries and Pharmacological Sciences is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Developing Countries and Pharmacological Sciences. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Regenerative medicine and stem cells
psychopharmacology
Pharmacology and Abnormal Psychology
Technology, Healthcare and Pharmacological sciences in Developing Countries
Access to Medications in Developing Countries
Affective Computing
Bioinformatics

Clinical Problems and Applications
Cognitive Informatics
Confidentiality and Data Security
Critical Care Management
Decision Support Systems
Dental Informatics
